

Estimated Pricing List

This is not a complete list. Prices and estimated turnaround times are estimates only. A finalized price will only be agreed upon after inspection of the instrument and an agreement is made between Gabriel's Guitars and you, the client. Most issues people experience with their instruments have a variety of different possible ways to address them, and we at Gabriel's Guitars are happy to discuss those options with you. If you have any questions about our pricing or what services we offer, please do not hesitate to call or message us!
